SCHOOLS SUBJECT TO LIMITATION, SUSPENSION, OR TERMINATION FROM ALL TITLE IV STUDENT FINANCIAL AID PROGRAMS (DMS002)

The attached report provides Federal Family Education Loan (FFEL) Program official cohort default rates for all schools with 30 or more borrowers or official average cohort default rates for schools with under 30 borrowers. All schools listed in this report have fiscal year (FY) 1995 official cohort default rates in excess of 40.0 percent

In accordance with 34 C.F.R. 668.17(a)(2) and 34 C.F.R. 668.90(a)(3)(iv), these schools may be subject to limitation, suspension, or termination (LS&T) from all Title IV student financial aid programs as a result of their FY 1995 official cohort default rates. A school that is subject to LS&T action based on its FY 1995 official cohort default rate may only challenge such action on the grounds that its rate is not the final rate determined by the Department and that the correct rate is beneath the 40.0 percent threshold. See *FY 1995 Official Cohort Default Rate Guide* for details on appeal procedures.

Please note: Schools with fewer than 30 borrowers entering repayment are not subject to LS&T actions if they do not have average cohort default rates calculated because of the absence of 3 years of default data. A school with less than 3 years of default data will have an unofficial rate for the most recent cohort year.

Schools are listed alphabetically in state order. The type of loan programs the schools are currently participating in are indicated in the far left column with one of the following codes:

F = FFEL Program
D = Direct Loan Program
B = FFEL and Direct Loan programs

The listing includes the following information about each school:

a) Office of Postsecondary Identification Number (OPE ID) - This is a number assigned by the Department to identify each school. A school's cohort default rate reflects borrowers attending the school's main campus and any additional locations. The Department does not calculate separate cohort default rates for these additional locations.

b) School name and address

Our mission is to ensure equal access to education and to promote educational excellence throughout the Nation.

c) School type, control, regional office, and congressional district

d) Year - The fiscal year for which a cohort default rate was calculated.

e) Number in default - The number of borrowers who entered repayment in the applicable fiscal year (October 1 through September 30) and defaulted on their loans during either that fiscal year or the subsequent fiscal year.

f) Number in repayment - The number of borrowers who entered repayment status during the applicable fiscal year.

g) Default rate - This is calculated by dividing the number of borrowers who entered repayment in a given fiscal year (denominator) into the number borrowers who entered repayment and defaulted during the corresponding cohort period (numerator).

h) Rate type - Cohort default rates calculated by the Department are coded as follows:

S = Substituted
M = Merged
C = Contested
A = Actual
* = Average

i) Program Rate - The type of rate calculated for a particular year as indicated in the right column with one of the following codes:

FL = FFEL
DL = Direct-Loan
DU = Dual (FFEL and Direct Loan)

j) Effective date - This reflects the date the Department's computer system finalized school default rates. **NOTE: THIS INFORMATION IS USED FOR DEPARTMENTAL PURPOSES ONLY.**

k) Action data - This column is used by the Department for tracking purposes only.

l) Totals - The last page of this report provides the total number of schools by type and control.

The cohort default rate for a given year is a ratio of the number of borrowers in default to the number of borrowers in repayment (See e, f, and g above). For example, a school's official cohort default rate for FY 1995 is the percentage of students whose loans entered repayment from October 1, 1994 to September 30, 1995 and defaulted between October 1, 1994 and September 30, 1996.

A list of schools with FY 1993, FY 1994, and FY 1995 official cohort default rate of 25.0 percent or greater. In accordance with §435(a)(2) of the Higher Education Act of 1965, as amended, and federal regulations at 34 C.F.R. 668.17, schools with FY 1993, FY 1994, and FY 1995 official cohort default rates of 25.0 percent or higher lose their participation in the FFEL and/or Direct Loan programs unless they successfully appeal. **NOTE: Historically black colleges or universities, tribally-controlled community colleges, and Navaho community colleges are statutorily exempt from this provision until July 1, 1998.**
